Our Invitation to

The Iowa Royal

The Iowa Royal Sale, for more than twenty years a highly regarded and widely recognized event has been sponsored by the Iowa Shorthorn Breeders Association.

Its reputation has become such that each year the Association and consignors to this sale strive harder to improve this sale and the quality of its offering.

For 1971 the Iowa Shorthorn Breeders Ass'n which is a joint organization of Iowa Shorthorn and Polled Shorthorn breeders is extremely proud of its members' offering, outstanding individuals of both branches of the Shorthorn breed in equal numbers. It will be the best offering ever.

In the last several years these consignors have recognized the kind of beef animal demanded by the present day beef cattle industry. They accepted the challenge, used every tool at their command and are proud of the progress they have made.

Therefore, in this offering of 66 bulls and 27 females the results of their efforts are definitely apparent.

A study of this catalog will show that this sale offers good Shorthorns and Polled Shorthorns in every category of performance such as universally accepted breeding, show records, sales records, official performance testing records and fertility tests.

Year after year breeders, ranchers and farmers from a wide area and many states have come to the Iowa Royal for their improving herd bulls and foundation females. Their annual return must be considered proof of their satisfaction with the results. The last several years commercial producers interested in crossbreeding have found this sale a reliable source for their crossing seed stock.

In addition, junior club members and breeders in increasing numbers have found this sale an ideal place to obtain their junior project and future herd foundation females.

Plan to attend this sale. We are confident that this offering will fill the needs of everyone.

M P S GALAXY 28th x—An outstanding two-year-old Polled bull that we have used as a junior herd bull. He has all the qualifications of a big, modern stock bull with exceptionally sound feet and legs and is a great mover, with a tremendous walk. His sire comes from the very cream of great Thieman herd sires. His dam comes from a highly respected family and is a granddaughter of Collynie Radical 8th x who was bred in the Dunham herd which was one of the very first Polled herds ever in Iowa and the nation. This bull is also a half-brother to the champion Shorthorn steer at the 1970 Webster City Open Show. Inspect this bull carefully. We are selling two-thirds interest and possession.

He is a half brother to the grand champion and reserve champion females at the 1970 American Royal and is bred very much like the \$2250 sale top of the 1970 Iowa Royal. Bred by Bert Hanson, he comes from a herd that has long been known for its size and bull test rate of gain records. This bull was the reserve grand champion bull at the 1970 Sioux Empire Fair. This bull could put a new look on your next calf crop.

Standard Guarantee

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
